### ***From the Vice-Chancellor Desk***

Welcome to the March edition of e-newsletter of Dr. Rajendra Prasad Central Agricultural University.

The month of March is not just beautiful in terms of the beauty nature beholds but also has many festivals that magnify the beginning of harvesting season of Rabi crops. This was a very progressive month in RPCAU with a plethora of activities. Starting of New Krishi Vigyan Kendras for the benefit of the farmers, inauguration of petrol pump in the University campus, laying the foundation stone of Sardar Ballabh Bhai Patel Co-operative Training Centre and inauguration of administrative building extension of KVK Piprakothi by Honorable Chief Minister of Uttar Pradesh, Shri Adityanath Yogi and Shri Radha Mohan Singh, Honorable Agriculture and Farmers Welfare Minister of Government of India, visit of British High commissioner, Sir Dominic Asquith Kemg are some of them. British high commissioner appraised the initiatives being taken by the University for the benefit of small and marginal farmers. We also discussed for possible collaboration in the different areas of agricultural research and education.

In this month upon invitation from CIMMYT, International Maize and Wheat Improvement Centre, I visited CIMMYT Mexico also and interacted with the scientists and officials of Mexico. It was a wonderful visit as it opened the channels for future collaboration between RPCAU and CIMMYT. In an interview relayed on 'Doordarshan' I expressed my view that success of any organization depends on team building and better utilization of available resources, be it technical resource or human resource. My colleagues in the University are doing a wonderful job which you will witness when you will see the glimpses of various other important activities of the University held in March.

I hope you will enjoy reading.

Happy Reading!!!
